

Our foresight. Your inspiration.  
Plant tomorrow's ideas.

## Breeder

We are KWS and sow the future through our seeds.

A global company with an exclusive focus on seed improvement, present in over 70 countries. We have more than 160 years of experience and in Brazil, since 2012, we have established ourselves as one of the major producers of corn, soy and sorghum seeds and from 2019 we started our research focused on vegetables, a milestone in our recent history.

In 2019 we built the largest and most modern Seed Processing Unit in Brazil, located in Patos de Minas - MG, to work together with 5 other Research and Development Stations.

Our essence, Make Yourself Grow, makes us great drivers of individual talents and encourages all those who like to act in an autonomous and sustainable way, taking responsibility for what they do.

Come to KWS and take the first step in a successful career.

Grow with us!

### Breeder

This position acts as Breeder MA Tropical.

#### About the responsibility

- Leading corn germplasm development and advancement to attend the corn market needs of Mato Grosso State.
- Leading and execute the germplasm development activities at our station in Sorriso - MT.
- Planning and leading of selection procedures involving the analysis of complex phenotypic and genotypic datasets.
- Development and optimization of breeding strategies to accelerate the delivery of new products to market.
- Planning and analysis of experiments to answer relevant breeding questions.
- Leading and mentoring breeding assistants.
- Be a key member of R&D in local and global level in KWS.
- Close interaction with Pipeline team, Station Managers and breeding-technology teams.

#### About your profile

- M.Sc. or Ph.D. in plant breeding or related field.
- Prior practical experience in plant breeding or as a breeding scientist.
- Strong bases in breeding methods and breeding-technology applications.
- Expertise in design and analysis of experiments.
- Excellent management and leadership abilities.
- Readiness to travel and interact with diverse and intercultural teams.

What can you expect from KWS?

Remuneration compatible with the market.

Benefits such as Meal Card, Medical Assistance, Life Insurance, Transport Voucher and others.

Participation in Results.

In addition, we offer a friendly and familiar environment - we are certified in Work Environment Quality by FIA. Our doors are always open to listen to constructive ideas and opinions. Challenging projects and tasks are part of our routine and help us evolve, both personally and professionally.

## About KWS

KWS is one of the world's leading plant breeding companies. With the tradition of family ownership, KWS has operated independently for more than 165 years. It focuses on plant breeding and the production and sale of seed for corn, sugar beet, cereals, potato, rapeseed, sunflowers and vegetables. KWS uses leading-edge plant breeding methods. Around 6.000 employees represent KWS in more than 70 countries. For more information: [www.kws.com/career](http://www.kws.com/career).
