Junior Quality Manager Commercial Corn and Sunflower Seed Production

Are you ready to plant the seeds of your career in the field of Quality Management? We are seeking a Junior Quality Manager (m/f/d) Commercial Corn and Sunflower Seed Production to join our vibrant team, known for cultivating excellence in commercial seed production. If you have an eye for detail and a passion for ensuring that quality flourishes like a field of golden corn, we want you to grow with us!

The position is permanent and full-time. The workplace is at the headquarters of KWS SAAT SE & CO. KGaA in Einbeck, Germany.

Your tasks - challenge meets responsibility:

- Ensure the quality and production of corn and sunflower seeds with a strong focus on quality assurance.
- Work closely with the production department to assist in managing commercial corn and sunflower production specifically for European markets.
- Control and implement quality measures throughout the production process to ensure the highest standards are met.
- Develop and create tools to support quality control.
- Collaborate with cross-functional teams to continuously improve processes.
- Monitor and evaluate quality performance, identifying areas for improvement and implementing necessary corrective actions.
- Ensure compliance with KPI-s and all relevant industry regulations and standards.

Your profile - competence meets personality:

- Degree in agronomy, agriculture, or a related field.
- Proven experience in the agricultural industry, preferably in commercial seed production or a similar field.
- Knowledge of quality management systems and practices.
- Excellent analytical and problem-solving skills, with attention to detail.
- Flexibility and ability to effectively communicate and collaborate with diverse teams.
- Fluent in spoken and written English, basic German required. Knowledge of French is an advantage.
- Proficient in using MS Office applications.

This is what you can look forward to:

- As a family-run company we are guided by the values of closeness, reliability, foresight and independence - this culture is lived in practice thus creating an open and friendly working atmosphere.
- As a Junior Quality Manager (m/f/d) Commercial Corn and Sunflower Seed Production you will have the opportunity to realize your potential in a diverse range of tasks and contribute to KWS' core mission: Our passion for plants sustains farming, food and planet.
- We create the right framework conditions for you: attractive remuneration, company pension scheme, excellent work equipment, subsidized canteen, capital-forming benefits, Christmas and vacation pay and flexible hybrid working time models!

Join our team and watch your career bloom just like our sunflowers!

We look forward to receiving your online application via our SuccessFactors application system! Please use the "Apply" function in the online application for this purpose.

About KWS

KWS is one of the world's leading plant breeding companies. Over 5,000 employees in more than 70 countries generated net sales of around €1.5 billion in the fiscal year 2021/2022. A company with a tradition of family ownership, KWS has operated independently for 165 years. It focuses on plant breeding and the production and sale of seed for corn, sugarbeet, cereals, vegetables, oilseed rape and sunflower. KWS uses leading-edge plant breeding methods to continuously improve yield for farmers and plants' resistance to diseases, pests and abiotic stress. To that end, the company invested more than €285 million last fiscal year in research and development. For more information: www.kws.com/career.
