Plant tomorrow's ideas.

Working Student Digital Farming Solutions (all genders)

Experience as our new Working Student Digital Farming Solutions at KWS SAAT SE & Co. KGaA how multifaceted a job in the marketing department of an international company can be!

In this role you support the Digital Farming Solutions team in its daily project management and collaboration with external agencies, ensuring the consistency of the activities and regular updates of the documentation.

You are available at least for 6 months? We are looking forward to your start with us in Einbeck from July 1st, 2024.

What awaits you:

- You create onboarding and training materials for the myKWS tools for marketing and sales colleagues worldwide.
- You support the digital myKWS tool rollout and answer requests from marketing colleagues.
- Active participation in the creation of tool documentation.
- Gain work experience in agile project management and in collaboration with external marketing agencies and IT developers.

This is what we want from you:

- You are a registered student in the field of marketing, business economics, agronomy, or a comparable course of study.
- You are interested in digital solutions for agriculture, marketing, and sales.
- You have good user knowledge of Microsoft Office products.
- You are structured and possess good organizational skills.
- You are proactive and have an independent way of working.
- You have a good command of English (written and spoken). German or another additional language is a plus.

What we offer you:

- Insights into a small team that develops digital tools for agriculture in a global company.
- Exciting tasks and projects with a steep learning curve.
- The opportunity to write your thesis with us.
- Independent work.
- An open corporate culture with a family atmosphere.

We look forward to receiving your online application via our application system SuccessFactors! Please use the "Apply" function in the online advertisement.

About KWS

KWS is one of the world's leading plant breeding companies. Over 5,000 employees in more than 70 countries generated net sales of around €1.8 billion in the fiscal year 2022/2023. A company with a tradition of family ownership, KWS has operated independently for 165 years. It focuses on plant breeding and the production and sale of seed for corn, sugar beet, cereals, vegetables, oilseed rape and sunflower. KWS uses leading-edge plant breeding methods to continuously improve yield for farmers and plants' resistance to diseases, pests, and abiotic stress. To that end, the company invested more than €300 million last fiscal year in research and development. For more information: www.kws.com/career. Follow us on LinkedIn® at <https://linkedin.com/company/kwsgroup/>.

Our data privacy policy for candidates is available on www.kws.com/dataprotection. Please select the country where the job you applied for is posted in and, if applicable, the specific business unit.
