

Our foresight. Your inspiration.
Plant tomorrow's ideas.

Software Developer (m/f/d) for GIS Applications

We are looking for a Software Developer (m/f/d) for GIS Applications indefinite and full-time within KWS SAAT SE & Co. KGaA to support an agile and growing development team in Einbeck, Lower Saxony. Do you want to be part of a dynamic project, working on the digitalization of breeding and seed production-related field activities by developing GIS applications for the collection and documentation of all in-field activities?

Your new responsibilities:

- Develop new GIS applications as part of an established and highly motivated scrum team that oversees applications from conception to operational operations (DevOps)
- Development of mobile GIS apps for different platforms
- Optimization of existing GIS applications with a view to user experience, performance and architectural evolution as well as their operation
- Evaluation of the latest and alternative technologies
- Support in documenting and testing the developed applications

Contribute your competencies:

- Study of computer science or comparable course of study
- Practical experience in professional software development (Dependency Injection, Mocking and Continuous Integration are familiar words for you)
- Very good knowledge in object-oriented software development (Design Patterns, UML, Agile and Scrum)
- Good knowledge of web technologies (Typescript, CSS, Angular) and mobile technologies (e.g. hybrid solutions or PWA), as well as API development (.NET Core)
- DevOps knowledge desirable
- Knowledge of GIS software (e.g. ESRI, Leaflet) and GIS data management desirable
- Excellent team player in an international multicultural environment
- Very good English skills required, German is a plus

That is our offer to you:

- In our teams, which operate according to SCRUM, we work together and in short sprints - this creates dynamism and freedom for a lot of personal responsibility.
- As a family-run company, we live a culture with the values of team spirit, closeness and trust, independence and foresight.
- True to the motto "Make yourself grow!", we promote individual professional and personal development.
- As a basis, we offer excellent work equipment (ergonomic workstations, multiple monitors, air conditioning), a fully subsidized canteen and sufficient free parking at the site.
- We create the appropriate framework conditions for you: Capital-forming benefits, company pension plan, Christmas and vacation bonus, childcare allowance, job bike.

Advance your career and grow with KWS in your tasks! We look forward to receiving your digital application (cover letter, resume) via our job portal.

About KWS

KWS is one of the world's leading plant breeding companies. With the tradition of family ownership, KWS has operated independently for more than 160 years. It focuses on plant breeding and the production and sale of seed for corn, sugar beet, cereals, potato, rapeseed, sunflowers and vegetables. KWS uses leading-edge plant breeding methods. 5.700 employees represent KWS in more than 70 countries.
